Teacher's Notes

Hello Families! It was so nice to see all of you at our Grade Level meeting. We've had an exciting month of learning and getting to know each other so far! Students have been doing wonderfully with changing classes. Our weekly cubes will also begin the week of 9/7. We are excited to co-teach this year, please reach out with any questions!

What We Are Learning!

Mrs. Roberts

ELA: Review Units in SuperKids for both grades. We are reviewing short and long vowels sounds. Working on writing stamina and improving our handwriting skills.

Religion: Theology of the Body. 1st grade is identifying gifts of creation and that humans are separate from the rest of creation.

2nd grade is identifying their unique gifts that God gave them and how we can share those with others.

Mrs. Huskey

Math: 1st grade will begin working on place value to 1000. 2nd grade will begin our lesson on counting back to subtract.

Science: 1st grade has begun our Vibration unit and 2nd is exploring their unit on Properties of Matter.

Social Studies - Both grades Reviewing how to be a good classmate and student.

Classroom Highlights

We are looking for room moms and dads to help with our class parties and Mission Carnival!

Please turn in all vehicle information this week if you'd like to help drive this year!

Thank you for your support!

Upcoming Events

9/8 - 9/14 - Book Fair

9/11 - Grandparents Day

9/16 - 2nd First Reconciliation Meeting

"Be kind to one another, tenderhearted, forgiving one another, as God in Christ forgave you" - Ephesians 4:32:
